NEW! Hand Torch Products

There are times you just NEED a quality hand torch

Scraping machines can create just as nice of a finished product as hand scraping, but sometimes you need the versatility of a good hand torch. TVC has the scraping torch the professional track specialist needs...

THE OLD STAND BY The MANCHESTER JET TORCH

This torch has been the stand-by Drag Strip Hand Torch for Many, Many years Unfortunately, it is out of production!!! THAT'S RIGHT; NO MORE 8061 Jet Torches will be produced.

TVC Jet Torch Kit

TVC has worked with manufacturers and distributors to fill the gap left by Manchester.

More ergonomic 40.5" in length, this means less bending / less stressful posture

750,000 to 1,000,000 BTU

Larger, more spread-out flame pattern while maintaining the pattern and heat control you need.

The tip is much less likely to fail due to heat annealing of the aluminum at the torch head threads.

25' hose, Regulator and Soft Nose POL Included

\$375.000 FOB Sparks Nevada

100# Bottle Dollie

Finally a safe way to store and move you #100 Pound bottle around safely

55 Gal Drum Cart

A safe way to move a hot 55 Gal Drum
Drum hook
Durable Steel Castors
Set Back Handles

100# Bottle Heater

Keep you bottles at Maximum Performance. Just like Nitrous its important to keep your bottles at 70
